PROFILE	I am a Microsoft Dynamics Technical Consultant with 5 years of experience in leading system upgrades from NAV to Business Central. Proficient in AL customization, developing tailored solutions to meet complex client needs. Expert in delivering seamless implementations, providing top-notch client support, and leading teams to drive project success. Adept at enhancing system functionality and efficiency through innovative solutions
EMPLOYMENT HISTORY	Microsoft Dynamics BC/NAV Technical Consultant, Allonline365 Cape town, SA
Feb 2025 — Present	Authored comprehensive technical design documents, translating business requirements into scalable and maintainable technical solutions within Dynamics 365 Business Central. Developed and maintained custom functionalities using AL and legacy C/AL programming languages, ensuring optimal performance and code quality. Performed code refactoring, debugging, and upgrades to align with the latest Dynamics 365 platform updates and best practices. Managed source control using Git, implementing branching strategies and version control for efficient collaboration and release management. Executed automated and manual deployments using AL-Go for GitHub, improving delivery pipelines and deployment consistency. Estimated development effort and timelines for customizations and feature enhancements, supporting accurate project planning and resource allocation. Delivered high-quality technical solutions in alignment with Microsoft standards and participated in code reviews and cross-functional team collaboration.
Jun 2023 — Feb 2025	Microsoft Dynamics BC/NAV Technical Consultant, Navisiontech Inc Sarasota, Florida
Nov 2023 — Aug 2024	Microsoft Dynamics BC/NAV Technical Consultant, Brightpoint Infotech Tampa, Florida
Oct 2022 — Jun 2023	Microsoft BC/NAV Developer, Appkings Solutions Limited Nairobi

Mark Okoth, Microsoft Dynamics BC/NAV Developer

Nairobi, Kenya, +254791236814, markokoth96@gmail.com

Apr 2021 — Oct 2022

Microsoft Dynamics Business Central Technical Consultant,
Dataposit Limited, Nairobi

Led report customization in Microsoft Dynamics 365 Business Central, delivering tailored reporting solutions aligned with specific client requirements.
Collaborated with project managers to ensure on-time and budget-compliant delivery of reporting components and overall solution packages.
Designed and executed test plans, conducted system testing, and ensured quality assurance across all custom reporting functionalities.
Provided comprehensive end-user training and post-deployment support to drive user adoption and operational efficiency.
Managed seamless upgrades from Microsoft Dynamics NAV to Business Central, including full reporting migration and optimization.
Played a key role in successful project implementations, contributing to delivery and quality of each phase.
Served as the sole resource for all report customizations, achieving 100% ownership of the company's Business Central reporting deliverables.

Sep 2020 — Apr 2021

Microsoft Dynamics BC/NAV Technical Consultant,
Coretec Africa Nairobi

Implemented Microsoft Dynamics 365 Business Central for diverse clients, including NGOs, parastatals, and SACCOs, streamlining operations and enhancing financial management.
Developed and deployed custom solutions tailored to client workflows, increasing user satisfaction and system adoption rates.
Delivered hands-on client training to ensure effective use of Business Central features and smooth post-implementation transitions.
